Dear Readers,

Welcome to the September 2023 edition of the Inclusive Society Institute Newsletter. I am delighted to share with you the latest updates and highlights from our recent activities and engagements.

In this edition, we delve into our participation in the "Inclusive Governance for a Peaceful & Resilient World Conference," where our delegation contributed to discussions hosted by the Foundation for Global Governance and Sustainability, Global South Perspectives on Global Governance Reform, the Peacemaking Reflection Group, and HumanizaCom.

We also feature a thought-provoking session on "Constitutional Insights: The Progressive Realisation of Socioeconomic Rights," where a panel shared perspectives on insights presented by Justice Albie Sachs.

Our presence extended to the international stage with the "New Economic Order Conference" in Stockholm, Sweden, where I had the privilege of representing the Inclusive Society Institute. The conference, organized by Arena Idé and Dezernat Zukunft, focused on the future of Progressive Fiscal Policy.

We also reflect on a lunchtime seminar providing a socio-economic and political prognosis of South Africa, hosted by Arena Idé in Stockholm. As we mark thirty years since the abolition of apartheid, I share insights on the significant developments in the country.

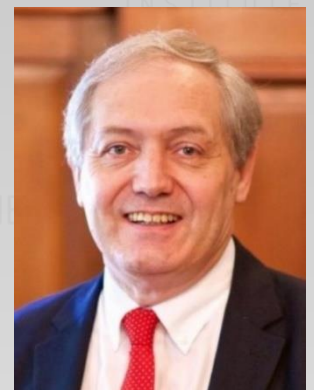

This edition also includes the release of two publications: "Global South Perspectives on Global Governance Reform" and "Constitutional Insights: Socio-economic rights."

Lastly, our media coverage highlights our presence in publications such as Vrye Weekblad, Daily Maverick, and Business Day, covering a range of topics from innovation and community empowerment to administrative justice, growth drivers, and the socio-economic and political landscape in South Africa.

I appreciate your continued support as we strive for a more inclusive and equitable society

Warm regards,

*Daryl Swanepoel*
